Advisory Neighborhood Commission 6B

**ANC6B Resolution on Bill 10-716**

Whereas Advisory Neighborhood Commissions (ANC); were established to represent the interests and needs of the community but are not permitted to go into court to appeal an adverse decision or spend funds to initiate litigation; and,

Whereas ANCs are granted "great weight" with automatic standing but are legally prevented from appealing adverse decisions, unlike any other party, when their "great weight" has been usurped or disallowed, such as not receiving 30-days notice to respond to an impending decision or request; and

Whereas ANCs are currently able to hire legal representation only when appearing before administrative bodies;

Therefore, ANC6B supports Bill 10-716 which removes the ban on ANC litigation.

This resolution is approved by a vote of 9-0-0 at a regularly scheduled and properly noticed ANC6B meeting with a quorum present on May 8, 2012.

Attest:

  
Brian Pate, Secretary

Date:

MAY 8 2012
